Press Release-6-6-2012

Val W. Stone & John Page

of ADL come back together again to service the Market for Beef, Sheep and Pork Slaughter Plants.

The Irish & All Blacks are always a good combination !

Approved Designs Ltd and Stone Food Machinery Ltd are to-day delighted to announce that, *after many years apart*, they will once again join forces to offer the **ADL** range of Beef, Sheep and smaller Pork Plants to the Irish & International Markets.

Many years ago we sold some of the biggest Sheep Lines in Ireland as a team and hope to again repeat this performance- anywhere from Tipperary to Tokyo !

ADL have a reference list second to none and can happily handle the needs of both the Small & Large Beef & Sheep Abattoirs- as well as the small/medium Pork Plants.

We invite you to have a look at their website www.adluk.net/ and, in particular, at the 14 Video Clips on our own website www.stonefoodmachinery.com, to give you a much better idea of our joint capability.

We hope this will be a help, in this difficult economic climate, for the Plant owners & Operators involved and we ask that you contact us with any enquiry for plant updates or new plants.

We promise to respond quickly & efficiently- with reasonable prices.

Kind Regards,
Val W Stone,

Managing Director.
