

Bat DM Dynamic mixer provides complete mixing of chemicals in thick sludge or advanced mixing applications.

### Advantages of dynamic in-line sludge mixer:

- Compact , automatic, hygienic, reliable, CE approved.
- Optimal for biogas applications.
- High mixing energy increases chemical efficiency significantly.
- Completely in sturdy stainless steel..
- Completely redesigned in international multi-year proven technology and patents.

### Dimensions

Model	Inlet / Outlet	Capacity m <sup>3</sup> /h	Connection chem	Length mm
<b>DM 8</b>	DN 80	15	DN 20	1200
<b>DM 10</b>	DN 100	25	DN 20	1300
<b>DM 15</b>	DN 150	50	DN 25	1400
