## Sole Cleaner

**Automatically Cleaning of Boot's Sole  
Integrated Dosingpump  
for chemicals**

A rotating Brush cleans the Sole effective  
 For cleaning your boot place one at a  
 time on a footboard  
 For activating the Cleaning just pull the handle.  
 The dosing of chemicals is automatically done  
 by the dosing pump.  
 The sole cleaner is easily cleaned and all  
 materials are in stainless steel.
