## Sole Cleaner

**Automatically Cleaning of Boot's Sole  
 Integrated Dosingpump  
 for chemicals**

A rotating Brush cleans the Sole effective  
 For cleaning you place your boot one at a  
 time on a footboard  
 For activating the Cleaning just pull the handle.  
 The dosing of chemicals is automatically done  
 by the dosing pump.  
 The sole cleaner is easily cleaned and all  
 materials are in stainless steel.
